Local cyclists are arroused over the truck drivers who run down wheelmen, and the outspoken words of President Potter yesterday met with their approval. Several letters were received at the L. A. wheadquarters yesterday suggesting various ways of protecting the cyclists from the indifferent drivers. The consensus of opinion was that the best course for wheelmen to pursue would be to follow up the drivers who run down cyclists and have them arrested.

The next meeting of the L. A. W. Consulate will be held at One-hundred-and-first-st, and the Bouleyard next Wednesday night. A special meeting will follow the regular meetings, when a revised stitution and by-laws, providing in general for taking in of all L. A. W. members in New-k City without the payment of extra dues, will proposed for adoption.

The St. George Wheelmen will leave Fourteenthst. and Eighth-ave to-morrow at 10 a. m. The run will be to Tottenville, S. I. Wheelmen of the Sons of St. George who do not belong to the club are invited to take the run.

Cyclists desiring to join the League of American Wheelmen may obtain full printed information and membership blanks by sending names and ad-dresses to the Cycling Editor, Tribune.

NATIONAL CIRCUIT RACES BEGIN. A LARGE CROWD AND FAST TIME AT THE JACK-SONVILLE MEETING.

Jacksonville, Fla., May 14.—Three thousand people attended the opening meeting of the National L. A. W. Circuit at Panama Park this afternoon. Many of the professional riders who have been following the Southern Collseum circuit were here, but Michael, Cooper and Murphy failed to arrive. In the amateur races F. D. Powers, of Jackson-ville, covered a mile in 2:091-5, which was the fastest time made, with the exception of an exhibition mile by the Dayton triplet, of Savannah, who covered the distance in 1:542-5. WITHERS DAY AT MORRIS PARK.

In the Withers Stakes for three-year-olds at Morris Park to-day Marcus Daly's Ogden and Scottish Ogden won the Futurity of 1896, and at that time was certainly a better coit than Don de Oro or Octagon. But Octagon has improved since last season, as his extremely easy victory in the Toboggan on Thursday made clear, and possibly Don de Oro may have improved also. Arbuckle, Bannock and Regulator are expected to run in the Withers, but the actual struggle, judging by public form, is likely to be between Ogden and the best of the Belmont pair. In the fifth race, the first of the high-weight

serial handicaps, no less than fourteen well-known racers are looked for at the post. This race will be over the last six furlongs of the Withers mile, and it is most earnestly to be hoped that Mr. Petand it is most earnestly to be hoped that Mr. Petitangill, the starter, will get the fourteen of
promptly and evenly. He made a miserable mess
of his starting in the first race on Thursday, although most of his work at this meeting has been
sood. But in that case he missed several excellent
opportunities, kept the horses at the post an inprevable length of time, thus destroying all the
chances of the favorite, Chic, and finally sent them
off strageling.

He held that it was not shown that a breach of the peace had been committed or the law violated. Buffalo will play here next Sunday.

SHOOTING AT CREEDMOOR.

The range at Creedmoor was occupied yesterday by detachments of the 69th and 47th regiments, the former numbering 121 officers and men, under command of Major Spellman, and the latter 154 officers and men, commanded by Major Quick. The day was a fine one for shooting. The 63th Regiment qualified fifty-eight men, and the 47th Regiment ninety-nine men.

TO ROW AT ANNAPOLIS TO-DAY. Annapolis, May 14.-All arrangements have been completed for to-morrow's race between the rival boat crews of Cornell and the Naval Academy. The indications point to rather thick weather, as the sky is overhung to-night with heavy clouds, and as the course is laid off-shore the race as a spectacle may possibly be disappointing.

PERSONAL PROPERTY HEAVILY ASSESSED. The assessment rate of North Tarrytown will be opened for inspection to-day. As in the case of Tarrytown, the assessors have assessed all property, both real and personal, at its full value, with the result that the increase of this year's figures over those of last year is in many cases startling.
Particular attention has been paid to personal property, and many who have hitherto escaped taxation have been assessed heavily. Among those whose personal property has received attention from the Board is Mrs. E. B. Monroe, whose personal assessment is \$50.00. BLUE WON EASILY.

HARVARD BEATEN IN THE INTERCOL-LEGIATE GOLF FINALS.

THE RECORD OF THE ARDSLEY LINKS BROKEN BY RODERICK TERRY, JR.-EIGHTEEN

HOLES IN EIGHTY-FOUR STROKES The finals in the intercollegiate golf team chamionship were played yesterday on the links of the Ardsley Casino Golf Club, near Dobbs Ferry-on-the-Hudson. Harvard and Yale were the competing teams, and the result was a victory for Yale, with a score of twenty up. The New-Haven team scored twenty-four holes to Harvard's four.

Unlike that of Wednesday and Thursday, the weather yesterday was fair. Before the players began, however, one could not see beyond 200 yards owing to the heavy mist which hung over the links. A raw wind was blowing from the south, and the old nine-hole course was heavy, although it was much better than on Thursday, while the heavy rains added much to the color of the greens. Soon after 10 o'clock the sun began to shine, and the start was made. The players were paired off as follows, Harvard

being named first: W. Bayard Cutting, jr., and Roderick Terry, jr., J. F. Curtiss and W. R. Betts, R. B. Stone and W. B. Smith, T. B. Gannett, jr., and John Reid, jr., Joseph H. Choate, jr., and Craig Colgate, and I. T. Burden, jr., and S. A. Smith. The players were started by the Rev. Dr. Roderick

Terry, chairman of the Ardsley Greens Committee who was aided by the other members of the committee, David Jackson and John T. Terry, jr. Reid and Gannett were the first pair to drive off, the Harvard man securing the better position. Cap-

the Harvard man securing the better position. Captain Terry and Cutting followed after the first pair made their second strokes. Both made good drives, that of the Yale captain being about one hundred and fifty yards. Cutting's ball fell in the first ravine, but he managed to get out by a fine iron shot. W. R. Betts and J. F. Curtiss were next. Both drove hard, but Curtiss had the advantage. Next came Craig Colgate and Joseph H. Choate, jr., the only Harvard man that scored. Both drove well. The fifth pair was S. A. Smith and I. Townsend Burden, jr., Smith made a pretty drive, tanding over the first ravine, while Burden also did well.

The last were W. B. Smith and R. B. Stone. Smith made one of the longest drives of the day and barely escaped falling into the grove of trees.

At the end of the first round the score was nine up in favor of Yale, its team having scored 13 holes, while the Cambridge men had to be content with the four made by Choate, who made the nine holes in 41. John Reid, of Yale, was next best, with 43.

The principal feature of the match besides

best, with 43.

The principal feature of the match, besides Yale's victory, was the record score made by Roderick Terry, ir., who did the eighteen holes in eighty-four strokes, establishing a new record for the course. This is five better than the score of Bayard, of Princeton, who won the individual hampionship. Score by strokes:

Terry also beat his opponent, Cutting, the Har-vard captain, by three holes. S. A. Smith, of Yale, made the second best score by doing the eighteen soles in eighty-eight. The third man, W. R. Betts, if Yale, made eighty-nine, The total results are as follows:

COLUMBIA'S ANNUAL GAMES. THE SENIORS WIN THE CLASS TROPHY-NEW REC ORDS IN TWO CONTESTS.

The seniors of Columbia University won the class trophy in the annual class games yesterday afternoon at Columbia Oval, scoring 24 points to 20 points for the sophomores. Most of the finishes were close, and two of Columbia's records were broken. In the 220-yard dash Ehrich succeeded in lowering Smull's previous record by one-fifth of a second. Gale Carter, Columbia's heavy man, put the shot 88 feet 3 inches, which is 1 foot 11 inches better than Hinman's record. The 440-yard dash was the prettlest race of the afternoon, Bogert and Cogan passing Gallatin at the 300-yard line, and

Cogan by not more than a foot. As three inches of water covered the track yesterday morning, the times are comparatively good. SOUTHERN PORTS GAINING TRADE.

BIG INCREASES IN EXPORTS SHOWN FOR THE NINE MONTHS ENDED MARCH 31.

Baltimore, May 14.-A large increase in the value of exports from South Atlantic and Gulf cities for the nine months ending March 31 of this year, compared with the same period of 1895-796, is announced pared with the same period of 1835-36, is announced in a statement compiled from statistics of the principal ports. Baltimore shows an increase of 31 per cent; Brunswick, Ga., 2L1 per cent; Charleston, S. C., 32 per cent; Newport News, Va., 50 per cent; Norfolk and Portsmouth, 260,66 per cent; Savannah, 12.9 per cent; Wilmington, N. C., 33,1 per cent; Gal-verton, S. L., 200,66 per cent; veston, 65.1 per cent; New-Orleans, 25 per cent; Pen-sacola, Fla., 140.96 per cent; Tampa, Fla., 51.3. While the increases at Wilmington, N. C., and on-

While the increases at Wilmington, N. C., and one or two other points are due in a measure to the cotton crop, the phenomenal gains at Norfolk and Portsmouth. Va. and Pensacola, as well as the increases at Newport News and Galveston, are due to the exporting of grain, provisions and live stock from the West and Northwest by way of those cities. While the increase in value from all ports in the United States in the nine months ended March 31, 1857, was 21 per cent, and from North Atlantic ports 13 per cent, the increase from the South Atlantic ports, from Delaware to Florida, was 37 per cent, and for the Gulf ports, 39 per cent.

WAR IN THE STEEL BEAM TRADE LIKELY.

DISSOLUTION OF THE POOL EXPECTED TO CAUSE

A BIG CUT IN PRICES. Pittsburg, May 14.—The disruption of the steel eam pool, the last vestige of combinations which held the more powerful brokers together, is regarded by local brokers as likely to precipitate a rate war along al lines, such as exists at present in the rati and billet branches of the business. The dissolu-tion of the rail pool lowered prices from \$28 to \$18 a ton, and the disruption of the billet pool was followed by a cut of from \$22 to \$15 a ton. It is thought that a cut in the pool price of beams, etc. thought that a cut in the pool price of beams, etc., will only be a natural sequence, and that the price will go below a cent a pound.

The abrogation of the pooling arrangement and the present price list will eventually prove of much benefit to the smaller manufacturers, who were unable to compets with the combined forces of the pool. They will now have an equal chance with competitors, and may secure orders that will start mills now idle.

In view of the fact that the structural iron trade is in a prosperous condition at the present time and improving steadily, a general scramble for orders will probably occur within the next few weeks.

KILLS HIMSELF TO ESCAPE ARREST. A LAWYER ENDS HIS LIFE WITH A BULLET WHILE

A POLICEMAN IS TRYING TO REACH HIM. While his wife and a policeman with a warrant for his arrest were in his flat, Charles Roth, a lawyer of No. 338 East Eighty-eighth-st., killed himself instantly yesterday afternoon by shooting himself in the head with a revolver. The warrant had been issued by Magistrate Simms because Roth had paid no attention to a summons to answer a

charge of ill-treating his wife.

Policeman Malone was sent from the court with Mrs. Roth to serve the paper. They tried to enter the flat by the door leading into the hall, but Roth heard them and inquired who was outside. His wife answered that a policeman was in the His wife answered that a policeman was in the hall, and Roth then refused to open the door. His wife led the policeman into their rooms by way of a rear fire-escape. Roth, however, had locked himself in a bedroom, and before the policeman had time to force the door open shot himself in the left temple. A note was found in his pocket which said that an autopsy would not be necessary, as he had taken poison to relieve pain. After the suicide Magistrate Simms discovered that he had issued another summons against Roth on a complaint of having passed a worthless check for 314. According to Mrs. Roth, her husband had led a dissipated life recently and failed frequently to provide for his family.

A SCAFFOLD'S BEAM HAD BEEN SAWED. By the breaking of a scaffold on a new building at Eighty-eighth-st and Madison-ave., yesterday, Patrick Dooley, forty years old, a scaffold builder. was thrown to the sidewalk and received internal injuries besides a scalp wound and a fractured arm. Dooley, was lives at No. 2,076 Second-ave., was preparing the work for the builders. He had nearly completed his task when the accident occurred. One end of the scaffold gave way and it fell from One end of the scaffold gave way and it fell from the fourth story into the street. A workman named Gilligan heard the beams crack, and saved a woman who was passing from being crushed by the failing man. An ambulance was summoned, and Dooley was taken to the Presbyterian Hospital in an unconscious condition.

After the accident the workmen examined the scaffold and found that one of the supporting beams had been sawn. Some of them think that an attempt was made to cause injury or death to them. The men declare their intention of thoroughly investigating the matter.

RAILROAD INTERESTS.

BALTIMORE AND OHIO INSPECTION. Chicago, May 14.—The major portion of the semiannual inspection of the Baltimore and Onio Railroad was completed to-night, when the special train arrived in Chicago, five days from Baltimore. The receivers said that they had found the property in excellent condition, and that the \$8,000,000 that has been spent during the last year had proved a wise investment. The road was now in better physical shape than ever. General Manager Greene confirmed the report that the Baltimore and Ohio had ordered twenty-five new consolidation locomotives from the Baltimor works. The party will remain here for several days.

SEVERAL ROADS EXPECTED TO COME IN Chicago, May 14.-The Executive Committee of the Western Passenger Association will have a confer-Southern Pacific, regarding the prospective membership of that road in the association. It is expected that the Southern Pacific will become a member, although there are some matters which it may wish to have altered a little. It is also thought that the to have altered a little. It is also thought that the Northern Pacific and Great Northern will join the association in a short time. The Minneapolis and St. Louis, Wisconsin Central and Great Western may become members early next week, and Chairman White, of the Executive Committee, is hopeful regarding the membership of the Union Pacific. The Illinois Central has completed arrangements for the sale of \$30,000,000 32 per cent bonds of the Chesapeake and Onio and the St. Louis, Alton and Terre Haute roads. Arrangements have also been made to renew \$2,000,000 bonds of the Springfield division of the Illinois Central, which will mature next January.

RAILWAY NOTES.

The test of the electric motors on the New-York, New-Haven and Hartford Railroad has been so successful that the directors of the New-York Central have just about decided to equip the Putnam branch

with electricity. The refunding plan of the New-York Central may be delayed for some time, so it is said. It is also intimated that friendly suit may be instituted against the New-York and Harlem to determine the extent to which the Harlem may participate in the advantages accruing from the funding.

MAYOR GLEASON'S INJUNCTION VACATED. The Appellate Division in Brooklyn yesterday vacated the injunction obtained by Mayor Gleason, restraining the New-York Board of Aldermen from modifying the franchise of the Metropolitan Street Railway Company, on the ground that Long Island City was not yet a part of New-York City and hence had no standing in court.

STRIKE OF THE MARBLE WORKERS OFF. More than one thousand marble workers, who have been on strike for several weeks for an adance of wages, returned to work yesterday, and the general strikes on all buildings caused by the trouble were declared off. The marble workers beionged to the Whitestone Association of Marble Polishers and the Compact Labor Club of Marble Cutters' Helpers. They demanded an increase of 25 cents a day in wages.

Under the terms of the settlement the marble Under the terms of the settlement the marble polishers and sawyers will receive \$2.25 for a day of eight hours, beginning November 1, 1897. The marble cutters' helpers will be paid \$2.40 a day on and after June 1. One important clause in the new agreement provides that on and after April 1, 1888, marble manufacturers shall discountenance the importation of partially manufactured or polished marble, using the rough stone from the quarries, dressed in this city instead.

took Superintendent Hutchinson out of the
office and gave him a severe beating.
The trouble arose over a contract that
was let by the Rex people to twenty-five
miners to handle the output of the mines. These nen agreed to sell coal to Denver wholesalers at since agreed to sell coal to benver wholesalers at \$1 a ton, which is cheaper than the coal can be put in cars by any other mine in the district. When the miners heard of this they became excited and a mob gathered. Then the assult was made on Mr. Hutchinson. There has been a good deal of trouble in the camp ever since the cut in prices last winter.
